Kind reference is invited to para 51 supra
that the park will be maintained by the
Gardens Department. The Bangalore City
Municipal Council contended that the tanks
had belonged to them, but Govt. said that
it vested in them and that the disposal

Accordingly the draining of the water in
the tanks was undertaken out of State Funds.
It has therefore to be presumed that the

As per orders of the Dewan dated 5-9-33, the attention of the Bangalore city Mty was invited to the need for draining off the Dharmambudhi tank and for converting its bed into a park as the tank was the cause for unhealthiness of the surrounding locality. But prompt action in this behalf was not taken by the Mty.

In the meantime the question of the ownership of the tank bed was under consideration and it was finally decided that the tank bed belonged to Govt. (Hes Office letter D Hes.)

~~Meanwhile~~ A public meeting of the citizens of Bangalore city was held on 18-6-36 under the presidency of Mr. B. S. Srinivas Sengar at which the following resolutions were passed and submitted to Govt. for favourable consideration:-

1) Restoration of the Dharmambudhi & Sampangi tanks

2) Ownership of the tanks situated within municipal limits vesting in the city Mty

Kind reference is invited to the notes in the file on the above subject & orders thereon that the papers may be filed -- the circumstances explained.

Meanwhile the Chief Engineer who had been requested to forward proposals for converting

The bank had into a park
submitted an estimate for Rs 3,000
for the work which was sanctioned
in G.O. No 2 757-60 dated 23-7-36.

The question of entertaining the cost
necessary for the upkeep of the park
after its formation is under consideration.

The present request of the
Hindu Maha Sabha is to "make

has been finally decided it is for

Sir,

The question of drawing off the water in the Dharmabudhi tank in the Bangalore City and converting the bed into a park in order to remove a source of unhealthiness to the surrounding locality was referred to the City Municipal Council in 1913, but no action has been taken by them till now. As the tank is Government property, it is now considered desirable to have the work carried out by the Public Works Department and I am to request you to have the necessary details worked out and forward proposals for the conversion of the tank into a Park.

Mr. C.N.Narasinga Rao speaking on the subject proposed that since the ownership of the tank bed vested in the Municipal Council and the Government had not agreed to reserving ~~1~~ half the portion of the tank as a tank, the Council was not prepared to pay any portion of the amount towards the upkeep of the garden, till the ownership was settled.

Mr. B.L.Byanna seconded it.

Messrs. W.H.Hanumanthappa, Belur Srinivasaiyengar further supported the above and brought home the difficulties experienced by the ratepayers, especially of the 2nd Division, on account of the draining of the tank.

After a lengthy discussion on the subject Mr. K.T.Bhashyam Iyengar proposed the following resolution:-

"Resolved that the Government be informed that the Municipal Council is not prepared to contribute any portion of the cost of maintaining the proposed park in the Dharmambudhi tank bed since;"

1. The ownership of the tank bed has been unlawfully denied to the Council,

2. It is necessary to retain the tank on the Southern side and is of opinion that the entire tank bed should not be converted into a park and that it is necessary and desirable that the tank should be retained in-tact on the Southern side."

Mr. P.M.Rama Sarma seconded the above and it was passed ~~unani-~~ unanimously.
